PLACEMENT / MANAGEMENT

SOIL ADAPTABILITY

RATING

Е

Outstanding performance across multiple soil types and environments. Push populations for maximum performance. Strong option for fields with history of Goss' wilt. A fungicide application is highly recommended to maximize yield.

SOIL CATEGORY

LIGHT SOILS – LOW CEC (<10); OM <1.5%;

low water-holding capacity; non-irrigated

sand; timber soils; marginal productivity;

RECOMMENDED PLANTING RATE			
PRODUCTIVITY LEVEL			
HIGH	MODERATE	LOW	
38-42,000	36-40,000	32-36,000	

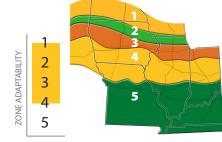

- A leader in this maturity with exciting yield potential across soil types
- Flex ear excels over a wide range of plant populations
- Impressive tolerance to Goss' wilt

CONTINUOUS CORN MANAGEMENT

- If a history of CRW feeding, consider the SmartStax[®] traited version in this family.
- Monitor for foliar diseases and apply a fungicide as warranted.

	drought prone.
Е	MEDIUM SOILS – CEC 11–18; OM 1.5-3.5%; well-drained; silt loam; high productivity.
E	DARK SOILS – HIGH CEC (>18); OM >3.5%; well-drained; dark colored soils.
VG	POORLY-DRAINED – Soils that have the potential to remain saturated for prolonged periods; side hill seeps; gumbo; muck.
E = excellent NR = not rec	, VG = very good, G = good, F = fair, ommended.

LEGEND: E = early for maturity, A = average for maturity; L = late for maturity; M = medium, MS = medium short, MT = medium tall, T = tall; H = high, MH = medium high, ML = medium low; F = flex, SF = semi-flex, D = determinate, SD = semi-determinate. Numerical ratings are based on comparisons among Wyffels hybrids of like maturity where 1 = Low, 5 = Avg, and 9 = High expressions of a trait.

Always follow IRM, grain marketing and all other stewardship practices and pesticide label directions. Roundup Ready® technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate. B.t. products may not yet be registered in all states. Check with your Seed Representative for the registration status in your state.
